Little Chicks, Wagtails and Kingfishers had a wonderful trip to Hive Beach on Thursday morning.

Having learnt about Mary Anning for Science week the Nest were very excited to create an Ichthyosaurus out of pebbles, rocks, driftwood and seaweed; this really brought to life the connection between her and where we live. They were also lucky enough to warm up with a hot chocolate kindly donated by The Hive Café!

Whilst Kingfisher class had a wonderful experience exploring the beach for fossils and various rock formations and finished off their trip by creating their own beach art.
