

Hop on the bus and take a trip downtown where the lights are bright, and every street has a story to tell. Explore with fresh eyes the art of the city, then capture a moment in time – perhaps a reflection on a building or a shadow passing by. Make a map of your hometown and find out how things have changed. Has time changed town life for the better? How could you improve the urban environment? Maybe add more colour? More light? More things to do, or perhaps a plaza with a comfortable bench or two? Now light up the city with creations of your own – a statue, a light show, a monument or street art. The possibilities are endless. What will you choose? You're an urban pioneer, so get ready to go.
